^{1/} Class I skim milk price is announced at the higher of the advanced Class III or IV skim milk pricing factors plus the base zone (Mecklenburg County, NC) differential of \$3.40 and is subject to location adjustments.

^{2/} The processor assessment is an obligation under the Fluid Milk Promotion Order (7 CFR § 1160.101 et seq.). The Order requires that all persons who process and market commercially more than 3,000,000 pounds of fluid milk products in consumer-type packages in the 48 contiguous States and the District of Columbia on a monthly basis, excluding those fluid milk products delivered to the residence of a consumer, be assessed 20 cents per hundredweight on all marketings of such packaged fluid milk products during the month.

^{3/} A simple average of the four most recent weeks of the Energy Information Administration's (of the U.S. Department of Energy) announced diesel fuel prices for the Lower Atlantic and Gulf Coast regions is used to determine the variable Mileage Rate Factor (§ 1005.83).
