MILEAGE RATE FACTOR (per cwt per mile): \$0.00452

EIA Average Diesel Fuel Price (per gallon) 3/: \$2.841

HAROLD H. FRIEDLY, JR. Market Administrator

^{1/} Class I skim milk price is announced at the higher of the advanced Class III or IV skim milk pricing factors plus the base zone (Mecklenburg County, NC) differential of \$3.40 and is subject to location adjustments.

^{2/} The 20-cent per hundredweight processor assessment is an obligation under the Fluid Milk Promotion Order (7CFR§1160.101 et seq.) imposed on any person who processes and markets commercially more than 3 million pounds of packaged fluid milk products on a monthly basis. Deliveries to consumer residences are excluded. Effective February 29, 2016, processors of certified "organic" and "100 percent organic" fluid milk products may apply for an organic assessment exemption for those products.

^{3/} A simple average of the four most recent weeks of the Energy Information Administration's (of the U.S. Department of Energy) announced diesel fuel prices for the Lower Atlantic and Gulf Coast regions is used to determine the variable Mileage Rate Factor (§ 1005.83).
